

Policy for Swimmers who are not regular swimmers with RTW Monson.

University students

All university student members will be required to pay Swim England and membership fees on an annual basis. Swim England will only take payment from one club if they have dual club status. Swimmers will be expected to contribute a nominal annual fee towards training, set by the committee. This fee is at the discretion of the Head Coach, depending on attendance and ongoing family contribution to the club.

All university students who continue to swim for RTW Monson and represent the club at all County, Regional, National level, and Arena League, will be allocated a space within the performance squads. This is however discretionary and subject to availability and booking via the Head Coach at least 48 hours in advance.

Monthly fee-paying Swimmers at boarding school

Fee paying swimmers are those who train weekly in their allocated Monson squad, are members of RTW Monson and pay Swim England fees through the club. These swimmers come back to represent RTW Monson at all County Regional, National and Arena League events. They will retain their position in the Performance Squads as agreed by the Head Coach.

Non monthly fee-paying swimmers at boarding school

Are those swimmers who move away for schooling who **do not**; pay monthly fees, train weekly with their Monson squad, or represent RTW Monson at all County, Regional, National and Arena League events. Unfortunately, we cannot guarantee holiday swim training for these swimmers and if available training is unlikely to be within the performance section of the club. All requests need to be made in writing to the Head Coach, at least one month in advance.

To enquire about costs set annually by the committee, please contact the treasurer.
